

## Project Experience

### Food Industry

### Project information

**location** South Africa  
**client** McCain Foods  
**project** refurbishment cod store  
**date of project** 2009

**climatic conditions** summer 30°C  
 R.H. 96%

**substrate** steel

**surf. Preparation** St 3  
 Sa 2,5

**system** MCU-Miozinc  
 MCU-Aluprime  
 MCU-Aluprime

*McCain Foods has chosen MCU-Coatings for its fast and easy application.*

*Different substrates as steel and old coatings needed to be overcoated and this could be done with the same primer. Also the tolerance for the high Relative Humidity made MCU-Coatings the right choice*
